MAYOR AND COUNCIL ITEMS

19. Citizen Petition Requesting that All Churches Be Subject to a Use Permit and that No Neighborhood Be Allowed to Carry a Disproportionate Number of Such Use Permits

Request: Consideration of a citizen petition presented to the City Council on April 4, 2006 as provided for by City Charter, requesting amendments to Appendix B of the Scottsdale Revised Code (Zoning Ordinance). The petition asks that all churches be subject to stipulations through the use permit process, with appropriate penalties for violations of said stipulations. The petition further requests that no neighborhood be allowed to carry a disproportionate number of such use permits and that the number of allowed permits take into consideration the character of the neighborhood and the underlying zoning category.

20. Citizen Petition Asking the City to Recalculate and Update Parking Requirements for Non-residential Uses in Residential Neighborhoods

Request: Consideration of a citizen petition presented to the City Council on April 4, 2006, as provided for by City Charter, requesting amendments to Appendix B of the Scottsdale Revised Code (Zoning Ordinance). The petition asks the City to recalculate and update the parking requirements for non-residential uses in residential neighborhoods to limit their density, size and growth in order to reflect the character of a residential neighborhood. The petition requests use of code enforcement tools to insure compliance and that no further parking lots be approved in any residential neighborhood until the situation is corrected.

ITEMS 19 AND 20 WERE HEARD TOGETHER.

Frank Gray, Planning and Development Services General Manager, explained that the Planning Commission, at their last meeting, initiated a study to look at the impacts of large-scale assembly uses and impacts of parking in residential neighborhoods. Staff will study what other cities have done, look at parking standards of churches and other assembly groups, and make recommendations to the Planning Commission later this summer. Any appropriate changes will be brought to the City Council for approval.

Mayor Manross opened public testimony.

Michael Haran, 400 E Monroe, Phoenix, 85004, with the Diocese of Phoenix, said the Diocese urges the Council to take no action on these petitions.

Lyle Wurtz, 6510 E Palm Ln, 85257, believes that the Constitution does not give religious facilities the right to lower surrounding property values through large-assembly uses that negatively impact neighborhoods.

Steven Kennedy, 12701 N Scottsdale Rd, 85254, Director of the Levine Jewish Community Campus, pointed out that his organization pays taxes and has also paid to install traffic devices to lessen impacts to the neighborhood. Mr. Kennedy believes the campus adds value to the community. He requested that Council take no action on the petitions.

Pastor David Friend, 36061 N 85th Pl, 85262, expressed opposition to the petitions, saying churches should not be restricted in their attempts to reach out to people.

Raymond Sherfield, 7333 E Chaparral Rd, #313, 85250, Scottsdale First Assembly, voiced his opposition to any regulation of churches, and believes church activities should not be limited to Sundays only.

Dick White, 10815 N 84th St, 85260, St. Patrick's Church, is opposed to the petitions, saying the action would be an inappropriate and unconstitutional intrusion on churches. He urged that Council take no action.

Azra Hussain, 8659 E Via De La Gente, 85258, Islamic Center of the NE Valley, stated that many programs provided by churches take children and vandals off the streets, which, ultimately, is of financial benefit to citizens. Ms. Hussain believes a place of worship should be available at all times, and urged no action by the Council on the petitions.

Tarif Jaber, 10827 E Butherus Dr, Islamic Center of NE Valley, believes the claims in the petitions should be substantiated before being acted upon, and suggested the City conduct a thorough investigation.

Susan Wheeler, 9616 E Kalil, 85260, said the petitions are about traffic, parking, lights, and landscaping, all of which are items that would be addressed in a Special Use Permit. Schools and ranches in the Cactus Corridor have Use Permits, but churches do not. She believes they are all non-conforming uses and should all be treated equally.

Michael Ledner, 9961 E Dreyfus Rd, 85260, Desert Streams Chapel, expressed opposition to the item saying it goes against the spirit of Scottsdale.

Terry Michael Christ III, 10749 N 121st Pl, said the two petitions are ludicrous and would violate Supreme Court case law. He urged Council not to act on the petitions.

Dr. Robert Bailey, 11390 E Via Linda, Suite 102, 85259, urged denial of the petitions, and read a statement of opposition from Dr. Terry Christ, Senior Pastor at City Church of Scottsdale.

Mayor Manross closed public testimony. Thirteen additional comment cards were received from citizens not wishing to speak: Eleven in opposition and two in favor of Items 19 and 20.

Council discussion:

- Council members agreed it would be prudent to let staff complete their research and make recommendations to the Planning Commission. The results of the Planning Commission deliberations would then be brought to the City Council for consideration. This process will provide opportunity for citizen input.
- Staff verified that the study will look at non-residential uses in residential areas, making sure codes and regulations are up-to-date for the benefit of both the community and large-assembly uses.
- City Attorney Robberson clarified that the term assemblage is not limited to churches and includes any use that congregates people or traffic, or creates other impacts to neighborhoods.

21. Legislative Update

Update: Provide updates to the City Council and receive possible direction regarding current and pending State legislative issues and policies.

Related Policies: Pursuant to the 2006 State Legislative Agenda adopted by the City Council on December 13, 2005
